

## Five Killed; Two Missing and Seven Badly Injured

Passenger Collides With Switching Engine in St. Paul Railway Yard

(Bulletin Special.)

St. Paul, Minn., Sept. 25.—Five persons are known to be dead, two others are believed to have perished, seven are seriously injured and eight others hurt as the result of a rear-end collision on the Minneapolis & St. Louis road at New Prague, Minn., today. At a switch in the yard of the city a southbound passenger train crashed into an engine. Both engines were demolished and Thomas McDougall, an engineer on the switch engine was seriously injured. The engine crew on the passenger engine escaped all harm by jumping. The train was in charge of Conductor C. J. Tierney of St. Paul. Within a few moments the work of rescuing the imprisoned passengers and removing the dead had been begun by scores of eager volunteers. So near as can be determined all of the dead or injured were riding in the smoker. The express and baggage telegraphed into the smoker and practically every person in the car received injuries. Most of the victims were travelling men.

The dead are: D. Elford, D. Demaras, Minneapolis, travelling salesman for Wyman, Patridge Co., F. E. Brown, St. Paul, traveling agent for Schultz Shoe Co., George Klinkerfues, travelling agent for Gotzian Shoe Co., St. Paul; Frank Wabek, New Prague, 19 years old; David Green, residence unknown. The injured are: A. E. Kirby, Albert Lea, Minneapolis; Thomas Macdonald, Minneapolis, switch engineer; Foreman (Bochner) Shapokee; F. J. Fumley, S. H. Stewart, C. L. Klaine, W. H. Smith, travelling agent, Minneapolis and St. Louis; John Kuba, New Prague; C. L. Peterson, of Minneapolis, and H. T. Matthews, a baggageman of St. Paul.

### CHILD BURNED

(Bulletin Special.)

Manitou, Sept. 24.—A fire attended with fatal results occurred here today when the residence of R. J. Chalmers was burned to the ground and one of his children perished in the flames. The fire started in an attic where the children were playing, probably from matches. The firemen did good work but were unable to save the house although the fire was prevented from spreading.

ON JASPER AVE., NEAR M'DOUGALL.

## Short of Cars

Wheat Movement Has Congested Shipping Facilities

(Bulletin Special.)

Winnipeg, Sept. 24.—Shortage of cars in the west, for moving the crop east is causing much worry to the local grain men and frequent applications have been made to the railroad companies for a better service. Enquiries made around the grain exchange elicited the information that the present situation is the worst in some years. Reports from the country, particularly southern Manitoba, indicate that the elevators are being rapidly filled with wheat, and in many cases are filled to the roof, with no relief in sight. Farmers are daily making deliveries, largely in excess of previous years, at this date, and there is no room for the incoming grain. At some points, all available stores are filled, notably at Deloraine, Waskada, Thornhill, and several other points. Between Winnipeg and the lake front every siding is filled with cars loaded with wheat on route to ports, and the grain men state that if the cars were available, 1,000,000 bushels daily could be delivered at the terminal elevators.

## Coast Members in the East

(Bulletin Special.)

Toronto, Sept. 25.—McPherson, M. P. of Vancouver, and Gallier, M. P. of Kootenay are here for the purpose of antagonizing public sentiment to cool labor.

### TRAGEDY IN INDIA.

(Bulletin Special.)

London, Sept. 25.—A despatch from Lucknow says 170 persons were drowned in the river Indus by the capsizing of a boat in which they were crossing the stream, only 30 being saved of a party of 200.

## Wrestling Tonight

Big Tournament of Three Matches in Thistle Rink Tonight—Great Interest in Blatchford vs. Berg

Tonight is the night of the big wrestling tournament when Blatchford meets Berg, Sutton meets Watson and Jensen meets Jensen. Watson arrived yesterday and Young Berg and Jensen will arrive this afternoon.

There has been a great deal of interest manifested in the event throughout the preparation, and it will be surprising if there is not a large crowd present to see the match. Information was received in the city this morning that quite a bunch of Jensen's friends are coming up with him from Carleton to see how he gets along with Downs and possibly to purchase a few futures if there is any speculation on the result.

The Berg and Blatchford match will, of course be the popular event of the evening as Blatchford's friends want to see what upsets he has when he is called on for all that is in him. Blatchford is trained right up to the hour and has taken a past-graduate course in hammer-locks and half-Nelsons under the tutelage of Jack Downs and he will certainly give the audience a run for their money. The match commences at 8.30, when Watson and Sutton go on for three falls.

## Race War in Alabama

(Bulletin Special.)

Atlanta, Ga., Sept. 25.—Three mounted county policemen who were riding near Clarke University College were ambushed from an alley last night. Two policemen were killed and the third officer is dying. Still another officer is missing. Policemen with a squad of militia are pursuing the negroes. At Howell station the railroad operator has been killed and another man either killed or wounded by negroes. Charles Marshall of Edgewood was shot while trying to arrest a negro yesterday. All rioting negroes are apparently armed for a conflict with the whites.

## Late Despatches

NOTES FROM THE LANDING.  
(Bulletin Special.)

Athabasca Landing, Sept. 25.—Hislop & Nagle's furs from McKenzie river district are expected to arrive here today or not later than tomorrow.

Water in the river has risen considerably and the "Midnight Sun" will be launched once more this season. Capt. Barber will take charge of her during the absence of Mr. J. H. Wood, who is now at Edmonton. The boat will leave this afternoon or tomorrow for Little Slave river loaded with merchandise belonging to Messrs. Revillon Bros. Mr. Clifford and outfit left here yesterday en route to Grande Prairie. A few settlers for that district also accompanied him. He is establishing a post of his own in that region.

One Hudson's Bay Co. scow left yesterday for Lesser Slave Lake. J. K. Cornwall is expected to arrive with Hislop & Nagle's boat.

Weather for the past week has been very unsettled. Yesterday we had frequent showers of rain. Today is still cloudy.

### GRANT'S TOMB DECORATED.

(Bulletin Special.)

New York, Sept. 25.—The rifle team of Queen's Westminster Volunteers which will shoot against the team from the 80th regiment of New York National Guards at Greenvale, L.I., on the 2nd and 3rd, yesterday placed a wreath of English oak and laurel entwined with the Union Jack on the tomb of General Grant on Riverside drive. With the wreath was this inscription: "To the memory of General Ulysses Grant, rifeman, patriot, and statesman, from the Queen's Westminster Volunteers of His Britannic Majesty Edward VII., the peace-maker. Let there be peace. There is peace among all the Anglo-Saxon races. May it endure forever." In the international match at Greenvale range, the 7th regiment hopes to regain the Sir Horatio Vincent challenge shield which it lost to the Englishmen last year by a narrow margin. Captain Montague is in command of the British team.

## League Popular

Other Towns are Taking up the Proposition of Organizing Ball in the Northwest for the Next Season

It certainly looks good for the baseball league in Alberta and Saskatchewan next year. Every town in which there is any possibility of financing a team has been heard from, either by letter or through their newspapers, and all seem to be enthusiastic for organized ball. Negotiations are now being carried on looking toward a successful meeting in Calgary on the 15th of next month when representatives of the baseball spirit in all the towns will be brought together and a definite plan outlined for next season's work. It would not be surprising to see the whole thing wound up at the October meet and a league organization completed with nothing left to do but apply for protection from the national board.

## CANADA A GREAT TRADING NATION

(Bulletin Special.)

Ottawa, Sept. 24.—Canada's aggregate trade for the first two months of the fiscal year shows an increase of over nineteen million dollars over the same time last year. Imports were

\$51,844,913, a gain of \$9,035,846 and exports, domestic and foreign, were \$46,216,179, an increase of \$10,647,544 over the same two months in 1905. This is phenomenal considering last year's trade being so high.

## An Ottawa Tragedy

Husband Under Influence of Drink Shot His Wife and Mother-in-law

(Bulletin Special.)

Ottawa, Sept. 24.—Dr. Jos. A. Savignac, who for some three years kept Turkish baths in Ottawa but who recently has been living outside the city limits on the east bank of the Rideau river, near Cummings' Bridge, shot his wife and mother-in-law and also threatened to shoot his father-in-law in each hand. The mother-in-law and Mrs. Savignac are now in the Water Street hospital with two bullets in each. The bullets struck Mrs. Savignac below the shoulder blade and one of the lungs is slightly pierced.

Mrs. Mitchell, Mrs. Savignac's mother, had an arm splintered with one bullet, while the other lodged in her back. It cannot be said yet whether they will recover although the doctors hope to be able to pull them through. Only one bullet has been extracted from Mrs. Savignac. Dr. Savignac has recently been drinking and was under the influence of liquor when he fired the shots. It appears he was arranging to go to Florida and wanted his wife to accompany him. They had two of a family, a boy aged 10 and a girl nearly two years old. The mother-in-law did not want to let her daughter go with Savignac because of his drinking habits. Accompanied by her husband David Mitchell, of East Templeton, a well-to-do farmer, she came to Ottawa to take their daughter and her family away with them. The Savignacs lived at Hester Wolfe's and it was there that the shooting affray took place. Savignac was at one time a Presbyterian minister being ordained at Thurso, near Ottawa, and afterwards preached in Massachusetts. He is about six feet tall, fair complexion, wears an imperial whisker, a fedora hat and is between 35 and 40 years of age. He used 32 calibre revolvers and pulling one from each pocket fired with both hands saying he would settle matters with them.

## Four Thousand Killed Without Warrant of Law

### Ball Homesteaders

Part of Calgary Team Join Stampede to Daysland and Locate

Claims — Others May Follow Suit

The baseball game has apparently secured at least two permanent settlers for Alberta in the person of Jack Moyne, the handsome blond who plays third base for Calgary and Charlie Ford, who performed behind the bar wire for the Cowpunchers' aggregation during the season just closed.

"Watty" Watson, who is up from Calgary to wrestle Sutter, brings word that the third baseman and catcher have retired to their homesteads out near Daysland for the winter. During the ball season both got in on the stampede to the Daysland country and located a homestead, on which they intend to spend the winter waiting for next season when Alberta will have a league and they will play ball under national protection.

Some of the other ball-players in Edmonton and Calgary see the wisdom of the homesteaded idea and, as "Wild Bill" says, when you can get 160 acres of good ball field for nothing what's the answer.

## Conductor Killed

Run Over by Trailer and Both Legs Cut off

(Bulletin Special.)

Winnipeg, Sept. 24.—G. Waters, street car conductor, was killed to night on Main street. While stepping from a trailer to the motor car ahead he slipped and fell, a wheel cutting off both legs. He was taken to the hospital but died in an hour.

## The Record of the United States for the Past Twenty-five Years

(Bulletin Special.)

New York, Sept. 25.—The World today says that four thousand persons have been put to death without warrant of law in the United States in last twenty-five years. Ninety-five per cent of them were negroes charged with assaults on white women. The methods of execution comprised of hanging, shooting, flogging, burning at the stake and flaying. In one instance in Arkansas the victims arms and legs were twisted from their sockets. As a rule the more atrocious the crime the more atrocious the punishment.

### Negro's Body Found.

(Bulletin Special.)

Atlanta, Ga., Sept. 25.—The body of Seeb Long, a negro, was found hanging in the woods early today near East Point, a suburb eight miles south of Atlanta. Long was located in the East Point jail charged with disorderly conduct. The jail was broken into shortly after midnight and Long was taken to his doom. The usual mystery surrounds the affair.

## Scrabble For Throne

The Many Claimants to the Turkish Will Get Busy in a Few Months

London, Sept. 23.—Although the Sultan has recovered sufficiently from his serious illness to enable him to drive once more in state to public prayers at the Mosque of St. Sofia on Fridays, and to grant audiences to some of the foreign ambassadors, yet he is in a very alarming condition of health being afflicted with a complication of incurable diseases—one of which is of a renal character—and which is likely to bring about his death at an early date very suddenly and without warning. To such an extent is this fact known and appreciated abroad, that the principal naval powers are holding their Mediterranean squadrons in readiness and sail for Constantinople at a moment's notice, in order to be on hand to protect foreign life and property during the popular disturbances, which are certain to break out in this Turkish capital as soon as Abdul Hamid breathes his last.

Protection of the foreign residents of Istanbul is the plea on which the foreign war ships will sail through the straits of the Bosphorus, regardless of the prohibitory provisions of the Dardanelles treaty. But still more important object of this move will be the anxiety by each one of the foreign powers concerned to prevent the others from gaining any advantage by the landing of armed forces, or from the seizure of strategic points from which it would be difficult subsequently to dislodge them.

That disturbances will ensue on the death of the Sultan is inevitable, in view of the complications that are certain to arise in connection with the succession to his throne. It is no secret that he is bent upon bequeathing his sceptre to his favorite son, Prince Burhaneddin, and there is every reason to believe the stories current to the effect that he has secured the support of the Sheikh-ul-Islam—the principal ecclesiastical and judicial dignitary of the Ottoman empire—and of a number of the leading Turkish statesmen to the project. That the latter can be executed without bloodshed is well-nigh impossible. For Burhaneddin's accession would entail exclusion from the succession of no less than twelve other princes, some of them his own elder brothers, and all of whose rights are prior to his son.

According to Koranic requirements and to Ottoman law, the heir apparent is the eldest surviving son, and to grandson of any one Sultan; that is to say, not necessarily the off-spring of the reigning Padishah, and thus it happens that the heir apparent is usually the latter's younger brother or his nephew. Thanks to this rule, the prince who now stands next in line of succession is Reischad Effendi, a younger brother of the present Sultan, and who is stated to have lately resigned his rights to the throne in consequence of his suffering from acute diabetes. Next to Reischad comes Prince Ahmed Yousouf, some of the late Abdul Aziz, and therefore a first cousin of the present ruler. Then comes another younger brother of the present Sultan, namely Sulliman Effendi, and Abdul Aziz, then a couple of sons of the late Sultan Murad, and several older sons of the present Sultan.

Now, with the exception of Prince Burhaneddin, none of the princes named as being in the line of succession enjoys any liberty whatsoever. They are to all intents and purposes prisoners of state, receive scant pecuniary allowances, irregularly paid, and are not allowed to leave the houses and grounds to which they are confined without the express permission of the Sultan. Sentries are posted at the gates, and many men have been killed for attempting to gain access to them. Occasionally, Prince Selim, the eldest son of the Sultan, is permitted to drive outside the confines of his park, but always in a closed carriage, at a foot's pace, and rigorously guarded by an armed escort, mounted on foot. None of these princes have ever been in Persia, the foreign quarter of the city during the present reign. But Prince Burhaneddin is often there. It is he who invariably accompanies his father to and from the mosque on Fridays. He alone of the members of the imperial family, attends the state banquets given by the Sultan, and he is a frequent visitor to the German embassy, where he plays duets with the elderly but wonderfully gifted ambassador.

## Railway Question at Brandon.

Brandon, Sept. 20.—Judge Killam and Dr. Mills, members of the board of railway commissioners, held a session here this morning to consider the applications made by the Brandon, Saskatchewan and Hudson's Bay Railway, Mr. Jas. Fisher represented the applicants. J. A. M. Alkens the C. P. R., and Isaac Campbell appeared for the city. Mr. Fisher made the application, which embraces the closing of a number of streets and the privilege of laying two tracks on Pacific avenue from Eighteenth to Eleventh streets, and one track from Eleventh street to First street. The latter clause was not urged

## Want City's Order

Garbage Destructors to the Municipal Authorities

Two incinerator agents are in town today trying to close a deal with the city for a garbage destructor. E. P. Browning, of Minneapolis, is representing the Decary destructor, the same class of machine as that used in Winnipeg. Richard A. Tanton, of Winnipeg, represents the Hienan & Froude destructor, an English machine, which has met with great success in its own country. Both machines are capable of developing power, and with the amount of garbage which the city is now disposing of, would develop 150 horse-power. One is a side feed and the other a top feed machine, but otherwise the general principles and purposes of the two patterns are about the same. The commissioners and engineer narrowed down to these two and one or the other of them will probably get the order today.

for the present, as it depends on whether arrangements are made with the C. P. R. for a union depot and terminal. Mr. Fisher also asked to be allowed to lay four tracks over Eighteenth street.

Mr. Campbell, on behalf of the city, protested against an order being given to lay any tracks on Pacific avenue, whether the union depot is arranged or not. Mr. Campbell asked the board to order a subway to be built at Eighteenth street if four tracks were to be laid across, and to state the share of cost the Canadian Pacific, the Great Northern, and the city were to pay.

Mr. Alkens, on behalf of the C. P. R., also protested strongly against tracks being laid on Pacific avenue, between First street and Eighteenth streets, and objected to the closing of Twelfth street, which leads to their freight sheds.

Two or three property owners along Pacific avenue also stated their objections to tracks being placed on this avenue, and it was asked that this part of the application be withdrawn, as it was seriously affecting the value of the property.

A large amount of evidence was given and the whole matter thoroughly discussed by all the parties interested. No decision was arrived at and no order was given on any point. The matter is to rest for a few days until the terms and details are made known by the Canadian Pacific Railway, as to what rentals they will ask the Great Northern for the joint use of their terminals. The session adjourned at 12:45, and the commissioners, accompanied by Mayor Fleming and a number of the aldermen, drove over the territory, where the Great Northern are entering the city. It is expected that the C. P. R. will be able to supply the information regarding the compensation for union terminals by tomorrow, and it will be submitted at once for the consideration of the Great Northern at St. Paul.

Judge Killam urged both representatives to hurry the matter up, in order that the commissioners can arrange the whole difficulty before they leave Winnipeg next week.

## EDMONTON RIFLE ASSOCIATION

The usual practice took place on Saturday, Sept. 22nd and although the day was not altogether suited for rifle practice, some very fair scores were made. The annual fall matches will be held on the 17th and 18th October, weather conditions being favorable. A valuable prize list will be competed for, and some keen competition is expected. Those members who are getting rusty (we hope their rifles are not) should rub themselves into shape before the above dates.

A full list of prizes, etc., will be given in the course of a few days; watch papers for same.

The scores on Saturday were as follows:

W. Pearce	20	500	600	71
S. S. Brown	23	27	28	83
G. A. Reid	29	29	22	80
F. Osborne	28	26	24	79
P. McCuskey	27	30	21	79
A. E. Seward	25	15	19	58
J. G. Jennings	21	17	18	56
J. G. Brodick	14	24	15	53
R. Wolsey	12	11	11	47
Dr. Ternan	16	6	0	22
Cpt. Munro	23	—	—	23

500 yards only.

## TENDERS.

Tenders for the purchase of the following buildings will be received by the undersigned up to Saturday the 29th September 1906:

1 6 roomed dwelling house 18x24, 1-2 stories with kitchen lean-to 12x24.

1 8 roomed dwelling house 17x24, 2 stories with kitchen lean-to 15x18.

1 out house 12x12 fitted up for stable.

## LAND WANTED

We have clients who want to purchase 1000 to 1500 acres of good wheat land on the crop payment plan. They will agree to break 1000 acres next year. Prefer land in the Battleford District but will consider land in any good wheat district.

No commission to pay us on above deal.

## Strathecona Investment Co.

Office Whyte Ave., 4 doors west of STRATHCONA, Douglas Bros. Store

These buildings are in good condition, being well built and occupied as boarding houses. They are offered for sale subject to present occupancy up to 31st October and to removal from their present situation on Lots 18 to 40, Block 2, R.L. 12 within two weeks thereafter.

Further information may be obtained on application.

GEO. J. KINNAIRD, Secretary-Treasurer, City of Edmonton.

Edmonton, Sept. 22, '06.

## PUBLIC NOTICE.

The attention of all owners or occupants of property in the City is called to the following provisions of the Noxious Weeds Ordinances:

1. Every owner or occupant of land shall destroy all noxious weeds thereon, and if he makes default in so doing he shall be guilty of an offence, and on prosecution therefor by an overseer of the local improvement district or by an Inspector or other officer under this Ordinance, shall on summary conviction thereof be liable to a penalty not exceeding \$1000.00 and costs.

The necessity of enforcing this has been called to the notice of the Council of the Department of Agriculture with the object of the City co-operating with them in their endeavors to prevent the spread of these weeds from the City and Towns to the grain growing districts.

GEO. J. KINNAIRD, Secretary-Treasurer, City of Edmonton.

Edmonton, Sept. 22, '06.

## Will Correct Returns

Incorrect Returns Made Regarding Crop in Lethbridge District

Considerable criticism and newspaper comment has been indulged in lately by the Calgary Herald especially respecting the estimates mentioned in the government crop bulletin No. 3, in the Lethbridge district, and has occasioned some very unfair and uncalled-for attacks at the minister of agriculture.

Yesterday the Bulletin saw Hon. P. T. Finlay before he went south to the fair at Ocala. Mr. Finlay was asked if he had heard of the reports that were being circulated in the press regarding the under estimation of the grain yield in the Lethbridge district.

In reply Mr. Finlay said:

"Yes, there has been considerable talk and newspaper comment lately over the estimate entered in the government grain bulletin No. 3, for the Lethbridge district, they claiming it was much too low."

"The first I heard of it was at Margrath on Friday last, where I was attending the agricultural fair. I luckily got a chance of a ride over on a special train to Lethbridge that afternoon. Mr. Conybeare, president of the board of trade arranged a meeting of the board at eight o'clock and at that hour a very good attendance was present. The president shortly after eight laid before me the great dissatisfaction expressed by the members of the board for this district, the not accounting to half of the proper amount and requesting me to have it corrected and corrected copies sent to those to whom we had sent copies containing the wrong estimates."

"In reply I said I was pleased to meet the board and had taken the first opportunity to be with them to make anything that was wrong, right, and that the figures that had been handed to me by the president showed a serious mistake somewhere, this mistake I promised to have made right in any case, but I made it definitely understood that if the error arose through the local men chosen to send in grain reports, not having done so the government would not be to blame. This was acquiesced in. I found on my return home that the cause of the shortage in the grain report was due to the returns sent by the local men, which returns can be seen at this office at any time."

After satisfying the Lethbridge board that the government had shown no improper interest in the matter, and discussing many other questions with them the president in a short closing speech, said that they felt obliged to Mr. Finlay for having put himself out to meet them on this important matter and he would like to see a vote of thanks moved to the honorable gentleman for the satisfactory manner he had settled the important question and to show their appreciation of the efficient way he is filling the position of minister of agriculture.

A vote to that effect was moved by Mr. Fessenden (editor of the Lethbridge News) seconded by Mr. Basford (a leading merchant) and carried unanimously.

"Have you seen the article in the Calgary Herald?" Mr. Finlay was asked.

"Yes," said the minister of agriculture "I have seen the article in the Calgary Herald, but criticism like that is so manifestly unfair that I am sure the public will not be affected by it." Since Mr. Finlay's return to the city he has received the following telegram from the Lethbridge board of trade:

Lethbridge, Sept. 22.

Hon. W. T. Finlay, Edmonton.

"Meeting of board of trade today following resolution passed that in view of government promising to send out correct crop reports for this district. Committee record its entire satisfaction with the expressions made by the minister of agriculture regarding inaccurate report and regret personal attack by Calgary Herald."

C. P. P. Conybeare.

## THE LARGEST CRUISERS.

London, Sept. 20—Three leviathans are to be launched from various ship yards in Great Britain today. They are:

The H. M. S. Shannon, the longest armored cruiser in the world.

The Mauretania, the new Cunarder, a sister ship and identical to the turbine steamer Lusitania.

The White Star liner Adriatic, which next to the two huge Cunarders, is the largest ship afloat.

The Adriatic will be the first of the trio to take the water. She is the largest vessel ever built at Belfast; her displacement is 40,000 tons. She is 710 feet long, 75 feet 6 inches beam, and 59 feet 6 inches deep. Her gross tonnage is nearly 25,000. The general lines of this vessel are similar to the Baltic, and she has all the improvements seen in the Am-

## Vegerville

Rapid Growth of Thriving Town [Since November 1905]

Wm. Parker, the grain merchant, has his new 30,000 bushel elevator nearly completed and will be buying all kinds of grain inside of two weeks. Another elevator will be built soon by the British-American Elevator Co.

Another industry that deserves mention is the Lilybank creamery, owned and conducted by W. Curtis. Mr. Curtis is thoroughly master of his business and has the best equipped private factory in the west, capable of producing ten tons of butter per week.

Vegerville is blessed with good hotel accommodations. The Queen's and the Alberts are both fine hosteleries with service and cuisine second to none.

There are two banks in town the Canadian Bank of Commerce and the Merchants Bank, both enjoying a generous patronage.

One thing that impresses a visitor is the up-to-datedness and big stocks carried by the merchants. The larger stores carry stocks that compare favorably with the city stores and this system should hold the trade at home. Prominent among the firms are: Clement & Son, wholesale and retail merchants; McKenzie & Fraser, general merchants; Alanson, Gully & Co., hardware and furniture; Allen & Peacock, men's furnishings and general merchants; Morton & Walker, hardware and harness; Reid & Rose, dealers in teas and general merchants; Miller & Co., general merchants; Jas. Spellman, manufacturer and dealer in harness and saddlery; Geo. Ferris, confectioner; Vegreville Drug Co., drugs and stationery; Clute & Walker, furniture and undertaking; Mrs. T. J. Tate, millinery; I. D. Worth, jeweller and stationery; J. W. Smith, Pioneer meat market; Vegreville Electric Co., S. C. Parker, manager; Ashdown & Milne, tinners and plumbers; Vegreville Lumber Co., F. W. Ervin, manager; D. R. Fraser & Co., lumber; J. Inkster, manager; Landry & Morrison, lawyers; Kinnaird & Middleton, real estate; Alberta Land Co., real estate; Vegreville Land Co., real estate; Jackson & Goulding, real estate; Sigler livery; Queen's livery; Vegreville Cartage Co., S. T. Grose, proprietor; Trump & Boileau, blacksmiths; F. Morrison, blacksmith; T. J. Tate, shaving parlors; Vegreville Implement Co., Eugene Clarke, manager, handling the International Harvester Co.'s goods; A. M. Thompson, dealer in Sawyer-Massey, Massey-Harris goods, and general implement dealer; Ed. Poulin, general merchant; L. Gadbois, jeweller; A. R. Wright, photographer.

The medical profession is ably represented by Drs. Ruß, Kippen and Field.

Among the old Edmonton people who are doing well are Mr. McKenzie, McKenzie & Fraser, J. H. Miller of Miller & Co., S. T. Grose, proprietor of the Cartage Co., S. C. Parker of the Vegreville Electric Co., Mr. Milne of Ashdown & Milne and F. W. Ervin, manager of the Vegreville Lumber Co., formerly with Chisholm Bros.

Mr. Grose is at present dangerously ill with fever but hopes are held for his recovery.

erica, of the Hamburger-American line. The Adriatic has nine decks and seven cargo holds, and has been constructed more for regard of the comfort of transatlantic passengers than for speed. The Adriatic cost \$3,750,000.

The Shannon is the longest British armored cruiser afloat, having a total length of 490 feet. She will carry four 9.2 inch guns, ten 7 inch, five guns in her main battery and have five torpedo tubes. Her tonnage is 14,000, and her contract speed 23 knots. The Shannon is the eighth of her name in the British navy. The seventh Shannon recently went to the scrap heap.

The Mauretania, the second of the Cunard turbine flyers, and sister ship to the Lusitania, is 770 feet long, with a breadth of 88 feet. She will be propelled by turbine engines of 70,000 indicated horse power, driving four shafts, each of which is fitted with one three bladed propeller, of manganese bronze. The Mauretania complies with the admiralty requirements as an armed cruiser, and will be fitted for an armament of twelve six inch guns.

## FOSTERIAN FINANCE

Hon. George Eulas Foster, ex-minister of finance figures in the press despatches again, this time in connection with western affairs, also in connection with that other redoubtable financial-politico of bye-gone days, Dr. Montague; also Mr. John A. MacGillivray and Dr. Oronhyatekha, "the two L's" of the Independent Foresters.

Mr. Foster and Dr. Montague are by no means strangers either to each other or the public in the field of land speculation and kindred branches of "high finance" and the presence of their names in the press despatches of such transactions but a periodical recurrence not very surprising in itself. Messrs. MacGillivray and Oronhyatekha, however, while for years occupying very high positions in one of the greatest secret societies in Canada have not been equally well known in the realm of speculative investment. From the despatches it appears that these two were victims rather than accomplices, consenting rather than conspiring parties to the transaction and when they became convinced of the impropriety of the course they took steps to escape the anomalous position into which their negligence appears to have permitted them to be drawn. While responsibility may rest upon them for permitting the deal the credit or censure of inventing the plan undoubtedly belongs to the minister of finance in the late Conservative government or to his assistant, the late Conservative member for Haldimand county, Ontario.

The persuasive eloquence of Dr. Montague appears to have been employed in forcing this quartette into a syndicate with the avowed object of borrowing money from the Independent Order of Foresters to be used in speculating in western lands for the emolument of themselves. A very obliging syndicate it seems to have been. The first operation recorded in the despatches occurred in March, 1902, when they approved of a loan to Dr. Montague of \$4 per acre on 400,000 acres of land, a total of \$1,600,000. This land we are informed was valued by the gentleman himself at \$8 per acre. In other words the Doctor was his own valuator of the property on which he obtained the loan, an accommodation arrangement surely.

The next step mentioned occurred more than a year afterward when Dr. Montague gave a mortgage for \$133,000 on 44,000 acres of the land, considerably less than \$4 per acre, the rate on which the loan was authorized. The proviso was also attached that the land could be sold whenever and in whatever quantities he chose. In other words he was allowed to borrow \$4 per acre on the land, gave as security a mortgage of \$3.02 on the land and retained the privilege to sell off the land; an arrangement surely obliging enough to satisfy the most cautious or most hard-pressed borrower.

But the performance appears to have been even more lenient than this generous mortgage called for. To the mortgage was attached a clause that 5 per cent. interest should be paid on the loan. This, however, was apparently not enforced and in January last principal and interest amounted to \$188,255.87, or \$12,255.87 more than the loan at \$4 per acre would amount to.

The favorable aspect of the case from the side of the borrower apparently became clear to some one other than Dr. Montague and a new syndicate was proposed working along the same lines, but of which the late member for Haldimand was not to be a member. Why he should have been left out in the cold is not said. The new syndicate, however, did not materialize.

There is nothing criminal in the buying of wheat land in the province of Manitoba or elsewhere by Conservative members and ex-members of Parliament or anyone else, provided the purchasers have the money wherewith to pay for the land. Nor is there anything wrong in borrowing the money with which to buy such land, provided the lender has the right to lend and the borrower furnish reasonable security. But this is a long way from justifying an arrangement in which the lender takes the risk and the borrower takes the profit.

## Telegraphic Briefs.

## CYCLIST INJURED

(Bulletin Special)

Winnipeg, Sept. 24.—Harry Sawyers was probably fatally injured here this afternoon. He was riding a wheel and collided with shafts of a mail wagon. He fell and the wagon passed over him. He was taken to the hospital, but the extent of his injuries are not yet known. He may live.

## BRAKEMAN KILLED

(Bulletin Special)

St. Vincent de Paul, Quebec, Sept. 24.—Edward Hunter, a C. P. R. trainman was mangled to death beneath the wheels of a train this morning.

## BROTHER RE-ARRESTED

(Bulletin Special)

Vancouver, Sept. 24.—Desire Brothier acquitted today on a charge of forgery, through a technicality, was immediately re-arrested on a charge of issuing a false document.

## THE FERNIE STRIKE

(Bulletin Special)

Fernie, B.C., Sept. 25.—The strike situation in the coal mining country is becoming acute and from present indications there will be trouble. The management of the Coal Creek properties has instructed the men to come and get their tools preparatory to closing down. A lock-out seems probable unless there is a settlement before the end of the week.

## STILL NEGOTIATING

(Bulletin Special)

Winnipeg, Sept. 25.—Negotiations in the industrial strike are still a failure as a section of the exchange refuse to accept the terms asked by the men. The bricklayers are willing to return to work.

## FERRY ASHORE

(Bulletin Special)

Sarnia, Sept. 25.—The ferry boat Hiawatha, in coming up from the Indian Fair at the reservation about two miles down the St. Clair river, struck some splines of an old sunken dock and was beached on the American side, a short distance from the ferry dock. The lifeboats were immediately lowered and all the passengers safely landed on shore.

## A WESTERN MAGAZINE

(Bulletin Special)

Winnipeg, Sept. 25.—The Western Canada Immigration Association has decided upon the publication of a magazine here, called "The Last West," devoted to the publicity of this country.

## STILL AT THE LAND DEALS

(Bulletin Special)

Toronto, Sept. 24.—The insurance investigation committee is still devoting time to the I.O.F. and details of land transactions are being taken up at length.

## CUBAN REBELS MAY WIN

(Bulletin Special)

Havana, Sept. 24.—It was rumored late this afternoon that the Government and the Moderates have tacitly decided to concede practically everything to the Liberals and rebels.

## C. P. R. IS PROSPEROUS

(Bulletin Special)

Montreal, Sept. 25.—The C.P.R. receipts for the week ending Sept. 21 were \$1,369,000. For the same week last year they were \$1,109,100.

## ABERDEEN CENTENARY

(Bulletin Special)

London, Sept. 25.—Ten Canadian delegates will attend the quarter centenary of Aberdeen University, namely: Principal Patterson, Prof. Wallton, Dr. Shirran, Montreal; Prof. Macgregor, Halifax; Chancellor Sir S. Fleming, Prof. McNaughton, Kingston; Wilfrid Campbell, Ottawa; Prof. MacAuley, Toronto; Prof. Parker, Winnipeg. Mr. Campbell as delegate of the royal secretary will be presented to the King by request.

Lord Strathcona will entertain 255 people to a banquet at the celebration. One of the guests will be King Edward.

## EDMONTON GOLF CLUB

The last ladies medal of the season will be played on Wednesday (tomorrow), when it is hoped there will be a good turnout of players. There will probably be a prize competition for ladies on an early date in October. The last of the men's regular monthly medals will be played on Saturday next, 29th inst.

The competition for the "medal winner's" prize will be fixed for either the first or second Saturday in October.

The final match 36 holes for the championship cup was won by Dr. Cobbett who beat Mr. E. H. Simpson by 8 up and 2 to play.

## VEGREVILLE COUNCIL

Vegreville, Sept. 24.—The elections for the first mayor and council of the town were held today, a good vote was polled. Clement was elected mayor by acclamation and Messrs. McKenzie, Gordon, Thompson and Abbott, will form the first council. The vote polled was as follows: For mayor, Clements, 119, for councillors, McKenzie 100, Gordon 103, Thompson 89, Abbott 86, Trumps 85, Goodwin 84, Mallar 83, Tetra 78, Worth 70, Smith 65, Reid 54.

## Borrowed Foresters' Money To Speculate in Lands

### Messrs. Foster and Montague Figure in a deal Unearthed by the Insurance Commission

Toronto, Sept. 21.—The revelations before the insurance commission today were decidedly interesting. It was brought out that at the solicitation of Dr. W. H. Montague, who at the time was deputy supreme chief ranger, and editor of the Forester, Dr. Oronhyatekha agreed to go into a syndicate for the acquisition of Northwest lands upon which the former had an option. The members of the syndicate were Dr. Oronhyatekha, supreme chief ranger; Dr. Montague, deputy supreme chief ranger; Colonel John McGillivray, supreme secretary of the I.O.F., and Hon. George Foster, then managing director of the Union Trust Co.

The transaction appears to have hung fire for some time, as from the minutes of the executive, it appears that on March 28, 1902, they approved of the loan to Dr. Montague, in whose name the transaction was put through, of \$4 per acre for 400,000 acres of land in Manitoba and the Northwest territories, valued by him at \$8 per acre.

On May 1, 1903, Dr. Montague gave a mortgage for \$133,000 on 44,000 acres of land for ten years, with interest at 5 per cent, he having the privilege of selling off at any time any portion of the land. Dr. Oronhyatekha was unable to give details, as, although taken into the syndicate at the first, beyond giving his assent to go into it he made no attempt to acquaint himself with the details and he did not know what his share was. He admitted that while some members of the syndicate were able to pay their portion of the purchase money, it was thought better that the sum required to make payment on these lands be borrowed from the funds of the I.O.F. Five parcels of land purchased, as described in the mortgage, were the Gillespie lands, the C. P. and the G.N.W. Land Co. lands, the Taylor lands, and the Manitoba Government lands, and the C. P. lands. The purpose of making the purchase was Dr. Oronhyatekha admitted, to make a profit for the syndicate out of the sale of the land.

The discussion between Montague and himself about joining the syndicate probably took place before that gentleman obtained a formal option on the land, but he could not say whether any money had been advanced on

account of the loan before the mortgage was given, without reference to the accounts. It was probable in the interval between the authorization of the loan and the making of the mortgage that the selection of the land was proceeding, the valuations having been sent out by the I. O. F.

Accompanying the mortgage and referred to in a typewritten clause in the mortgage was a deed of trust made by Dr. Montague of the first part, the Union Trust Co. of the second part, the I.O.F. of the third part, and Mrs. Montague, bearing her dower, of the fourth part.

"Do you remember the deed of trust or the purpose of it?" asked Mr. Shepley.

"I never heard of it," was the reply of Dr. Oronhyatekha, who several times, while Mr. Shepley was reading it, said he had not been consulted about the details.

One of the provisions contained in the deed was that it should not be registered, but Dr. Oronhyatekha could assign no reason for that provision being incorporated. The other provisions were to the effect that the Union Trust Co. was to hold the lands in trust for the I.O.F., but when they were all paid for and the mortgages discharged, then the balance was to be paid the nominees or appointees of Dr. Montague, according to the written instructions attached thereto. The appointees named were four members of the syndicate. The Union Trust Co. was to be paid one hundred dollars per year for acting as trustees.

Turning to the accounts of the I. O. F. Mr. Shepley pointed out that the original loan had been increased without any fresh security being given until January 1 last, at which time the principal sum was \$165,831.87 and there was also \$22,674 due for interest thereon.

"Would it surprise you to hear that was the state of mortgage account?" he asked.

"Well, rather, because I was informed that interest on the loan was being met as it came due, I think it was being paid right along," was Dr. Oronhyatekha's reply.

Dr. Oronhyatekha made a statement regarding the final closing of

the account and the conveyance of the lands for the benefit of the I. O. F. He said that shortly after he entered the syndicate, another proposal was made to Mr. Stevenson, supreme chancellor of the I. O. F., that Mr. McGillivray, Mr. Foster and himself go into another syndicate on similar lines. Dr. Montague was not in this one. Mr. Stevenson advised him that, although it was not illegal, still it would look bad for him to enter into a syndicate. He said, "Well, if it is improper to do so in this case, it is certainly improper in the Montague case." Mr. Stevenson replied that he could not see any difference between the two, and immediately Dr. Oronhyatekha said he went to Mr. McGillivray and said: "So far as I am concerned, I am going to get out of it. No amount of profit that would accrue to me in this transaction can compensate me for the loss of confidence of the membership"; and he urged Mr. McGillivray to join him in conveying their holdings to the Union Trust Co. which meant, of course, the I. O. F. Mr. McGillivray consented, and they then had a consultation with Mr. Montague, who, it was agreed, was in a different position, not being on the executive, and who was advised that the transaction was proper. He was persuaded to join them in the proposed conveyance. The only person then concerned was Mr. Foster.

When going away to India last year Dr. Oronhyatekha wanted to straighten out his personal affairs in case anything happened to him, and then inquired of Mr. McGillivray and Dr. Montague if the arrangements made had been carried out and received a negative reply. In their presence he then instructed Mr. Stevenson to see that the arrangements were carried out forthwith and he understood they were. Mr. Foster was also persuaded by these gentlemen to join them in the conveyance. He did not go to Mr. Foster personally, had had no conversation with him on the subject of trust business.

The Western Canada Settlers' Mutual Land Co. was formed (of which Dr. Montague became manager), and through them and the Union Trust Co. the lands were sold at a profit for the I. O. F. of about \$100,000. Mr. Shepley suggested that the profits would go to the Union Trust Co. "The profits of the Union Trust Co. on the transaction would ultimately accrue to the benefit of the order," said Dr. Oronhyatekha. "When I talk about the Union Trust Co., I always have in my mind that it is the I. O. F."

### Alberta Affairs

Member for Red Deer Tells Saskatchewan People about the Banner Province

Regina Standard: "Alberta combines in a singularly happy fashion all those varied elements of potential industrial activity and wealth which are the natural complement the one of the other, and which taken together assure at least, a future not only splendid in itself, but greater even than that to this immensely rich province of Saskatchewan." The courageous and loyal statement was made last night to the Standard by John T. Moore, M. L. A., for Red Deer, a man who made his mark at the first sitting of the Alberta Legislature, earning by the vigorous and intelligent stand he took upon many vital questions, the praise of even his political opponents. Mr. Moore is an enthusiast, so far as his province is concerned, and although he will find few people in Saskatchewan to agree with him in his prognostications regarding the future status of the western provinces, yet he is by no means actuated by sectional prejudices or jealousies and makes out a good enough case for an Alberta, rich, prosperous and powerful.

"The resources of our province are so varied," he went on, "that we look forward to a future where the manufacturing and distributing industries will hold their own with great agricultural staples."

"Mineral and forest wealth are added to that of the farm, while our abundant streams of water are powers bound to set the wheels of a thousand mills turning."

"Southern Alberta, formerly regarded as a ranching country pure and simple, is destined to be the greatest fall wheat producing area in the world while further north we can grow as good spring wheat as is to be found in Manitoba or Saskatchewan. Then again there is no country in the world where you can raise a steer cheaper, and our ranchers have had the courage and foresight to go in heavily for pure bred cattle, so that the herds of Alberta compare favorably with any on the American continent."

"Our enormous coal measures ensure a great manufacturing future, and we have not only good lignite but hard coal that is properly classed as anthracite. These vast deposits are only just being opened up and their possibilities are as yet hardly realized."

"In addition to this," went on Mr. Moore, "is our very large lumbering industry. Mills are being erected all over the country to develop the timber resources. At Red Deer, a concern with half a million capital, is putting up a large works, and as further incursions are made on the practically inexhaustible belt of spruce that clothes this side of the mountains the price of lumber will remain at reasonable figures and within easy reach of the settler. At present good mill run costs no more than \$14 per thousand, and it is easy to see how great is the advantage there for the settler. Cheap lumber means the better housing of the people, and that is a considerable factor in the general contentment and prosperity."

Questioned as to the grain trade developing with the Orient, Mr. Moore said that Alberta naturally looks for her wheat market first in the mining camps and coast towns of British Col-

umbia and then to China and Japan.

"The haul is too long for us ever to be heavy shippers to European points," he remarked, "and our future certainly lies with the Oriental markets. The people of the Far East, and more especially the Japanese, are coming to use wheat more and more. After conducting a series of exhaustive tests the government of the latter has come to the conclusion that wheat is a more economical food than rice. As you probably know, wheat cannot be produced in Japan, Korea, Manchuria or Southern China, and it must be many years before the wheat growing areas of Northern China are economically developed. This trade is as yet but in its infancy, and up till now has been practically in the hands of the Americans, who have been shipping to the Orient their soft wheat grown on the Pacific slope. The Japanese are, however, now beginning to find that the higher grades of Canadian wheat are more economical in the long run and the market is coming our way."

"We are beginning to take advantage of the improving opportunities. For instance, the Alberta Pacific Elevator Company, which already owns 35 elevators in this province, is preparing to erect as many more, and also the construction of an immense storage elevator at Vancouver so that an adequate supply of wheat will be on hand to meet at once all and any demands made upon it by the Orient. Japan, for instance, Oh, we are not sure, I can assure you," added Mr. Moore smilingly.

In reply to a question regarding the character of the settlement coming into the country, Mr. Moore said that a very large number of Americans were coming in, and Red Deer was being largely developed by Iowa farmers who had money, push and confidence in the future of the country. "We congratulate ourselves on the acquisition of this large element of vigorous-thinking people, who when they make up their minds that there is a dollar lying for them in the ground, lose no time in breaking up the soil, and getting it into their own pockets."

The Americans are perhaps the most important factor in the development of the west, and their shrewd common sense ensures their loyalty to the flag under which they make their living, so that the work of assimilation into good Canadian citizens, is rapid and unchecked. No, I am not one of your alarmists who conjure up the bugaboo of an American invasion."

### WANT A UNIVERSITY

Calgary Alberta.—At the regular meeting of the Calgary Presbytery, which met this week in Knox church in this city, a committee consisting of Rev. A. O. MacRae, P. D. and Rev. D. J. Dreyer and Short was appointed to bring in a recommendation re a provincial university.

At a later adjournment at which 29 ministers were present, they submitted the following recommendation which was unanimously approved of by the presbytery: "That the Presbytery of Calgary would venture to urge the local government of Alberta, to take immediate steps to establish a provincial university with provisions for at least two years of the regular courses in the different academic departments (arts, science, law, medicine, etc.) They urge this first:

"Because of the pressing need of such an institution to crown the state education as carried on in the schools.

"Because of the great distance from the youth of this province are from university centres.

"To meet the demands of a rapidly growing population desirous of colleges or universities purely state or provincial.

"Because the various churches require to have arts classes for their students and these religious demonstrations do not wish and should not be required to provide for more than their own theological work."

It was ordered that a copy of this resolution be sent to the other denominations in the province.

## Prince Albert Line

C.P.R. Pushing C.N.R. to Take Over Line at Once or Grant a Lease

Regina Standard: There is a great possibility of the Canadian Northern railway taking over the control and operation of the Prince Albert branch within the coming week, or at any rate on short notice. This is the opinion of Frank R. Oliver, president of the Saskatchewan board of trade, who was in the city last night en route to Winnipeg, and who was interviewed by the Standard at the C. P. R. station. Mr. Oliver is going to Winnipeg ostensibly for the purpose of attending the banquet of the Canadian Manufacturers' association, but there may be a purpose additional which centers not a long distance away from the taking over of the railway.

He has no definite information and was perfectly frank in admitting that his opinions were founded only on grounds which might have no foundation, but personally he was confident that negotiations for the change are at present under way and are of such moment as to make the immediate transfer of the Qu'Appelle, Long Lake and Saskatchewan railway from the Canadian Pacific to the Canadian Northern a matter of great probability.

The negotiations referred to are being carried on between the two railways and are being pushed most strenuously by the officials of the Canadian Pacific. These men are of the opinion that they have the Canadian Northern officials in a tight box and are said to be using their advantage for their own good, as railway corporations are wont to do. The Canadian Northern has no rolling stock immediately available and has no facilities at Regina for the handling of the traffic. The Canadian Pacific knows this and they also know that there is a big traffic to be taken over this line next spring, before they are in a position to handle it with a competing line. So they are using the advantage which they undoubtedly hold, to endeavor to secure from the Canadian Northern the announcement of a date next summer for the taking over of the railway. Unless they can secure from Mackenzie & Mann the lease of the road until June 4 of next year, they are demanding that the purchasers of the railway take over the branch at once.

Will Mackenzie & Mann act quickly and take over the line unprepared as they are, or will they allow the C. P. R. to reap the harvest of the great spring rush north next year—this last one without competition? The issue is the question over which the railway magnates are bothering their heads.

Undoubtedly this will be the last opportunity for handling large traffic from the C. P. R. main line northward and from the Soo line northward without competition, and unless the Canadian Northern takes the railway over at once they will find themselves losing a great deal of good trade next spring.

Commissioners at Regina. Regina, Sask., Sept. 19.—The railway commissioners got through their labors here in a morning session and went on east this evening in their private car attached to the Atlantic express. The matter of most interest to the citizens before them today was the application by a private party for a spur from the C. P. R. yards crossing Dewdney street to the city limits paralleling the Q. L. & S. R., which has been recently purchased by the Canadian Northern. On behalf of that company Chief Engineer McLeod opposed the application, contending that it tended to shut in the Canadian Northern, and he offered to build in the required spurs from the Q. L. & S. R. immediately. An informal petition was also presented from citizens living north of the track against another line across Dewdney street.

Under the circumstances Judge Killam held that the commission could not dispense with the customary notice and he declined to make an order for the spur asked for.

Discrimination against farmers in the allotting of cars was brought to the attention of the railway commission by Walter Simpson, president of the Regina Grain Growers' association, and a member of the executive of the Saskatchewan association of the same organization. Mr. Simpson pointed out that there were two classes of cars, the 60,000 pound cars and the 50,000 pound cars. A farmer might order one of the small cars and if there was none available at the time his turn came around, he would have to take an 80,000 pound car and pay the extra freight on grain which he did not ship or refuse the car and get none. There was no column in the order book wherein a man might specify the size of car required and he could do nothing but pay the extra freight or go without. Under these circumstances the farmer was placed at the mercy of the elevator man.

The chairman of the commission consulted with Mr. J. Harwell, chief traffic officer under the commission and stated that the question of this discrimination would be taken up with the officials of the company at Winnipeg and would be arranged there if possible. If no arrangements could be made the commission would give the matter further consideration and probably issue an order.

Attorney General Lamont appeared before railway commission and argued the question of railways fencing their lands, receiving the promise of the chairman of the commission that as soon as both sides could be heard some action would be taken. The question of fire guards, express rates and telephone rates were brought up by the chairman of the commission himself, but entering upon the land of the private individual by the railway to plow guards was dealt with by Premier Scott, he stating the government would be prepared to pass legislation providing that the commissions offered. The question of pany be immune from damages if the system were adopted. The opinion seemed to be that where the farmer had crop close to the railway and adjoining the right of way, he himself should be responsible for the providing of proper protection, and that the system of railway fire guards was only feasible on unoccupied lands.

Prospective plans for the proposed union depot to be erected by the Canadian Pacific, Canadian Northern, Grand Trunk Pacific and the Great Northern railways were also placed on file with the commissioners, who promised that when an application was made to them for the erection of station buildings and terminal facilities here in Regina by any of the railways mentioned, the wishes of the citizens would be advanced as far as possible, and influence would be brought to bear upon the railway to utilize the offer of the city to hand over Stanley park for union station grounds. The board of trade and city council were represented in the matter by Ford Jones and A. E. Boyle, publicity manager and secretary of the board. Mr. Killam commented favorably upon the action of the city in taking the initiative in this matter, and said it was very seldom found to be the case that the corporation took such prompt action to have their wishes placed coherently before the commission.

## CITY OF EDMONTON

### BY-LAW NO. 75

A Bylaw to provide for raising the sum of \$75,000.00 to purchase the land required to fulfil the agreement with the Grand Trunk Pacific Railway Company, and to purchase land which the City may hereafter sell or lease to Industrial Concerns, or otherwise dispose of for municipal purposes.

Whereas the Municipal Council of the City of Edmonton on behalf of the Corporation of the City of Edmonton has entered into an agreement with the Grand Trunk Pacific Railway Company bearing date the sixth of March, 1905, whereby amongst other things the Municipal Council on behalf of the City has agreed to purchase for the said railway's right of way a strip of land thirty-three feet in width, south of and parallel to the right of way of the Canadian Northern Railway Company from Syndicate Avenue to First street and whereas it is found to be more economical and expedient that the Corporation should purchase large portions of land than merely sufficient to provide such right-of-way and should hold the surplus portions for the purpose, as occasion shall arise, of selling or leasing the same on favorable terms to industrial concerns requiring sites, with convenient railway facilities for the purposes of their business or should deal with or dispose of them from time to time as the council shall deem most advantageous to the general interests of the Corporation, and there will require to be raised for the purpose of making the said purchase the sum of \$75,000.00 or thereabouts.

And whereas it is expedient that the said sum of \$75,000.00 should be borrowed by means of the issue of debentures of the City for an amount not exceeding that sum and that the said

sum should be payable during the period of 40 years from the date of the debentures to be issued therefor, and should bear interest at a rate not exceeding five per cent per annum, and should as the Council shall deem expedient, be repayable either (1) in such manner that each instalment of principal and interest shall be equal in each year of the said period of years, or (2) in such manner that the principal shall be paid at the end of the said period (an equal annual sum by way of sinking fund being raised annually during the said period sufficient to meet the principal at maturity) and the interest thereon annually.

And whereas the amount of the whole rateable property in the City according to the last revised Assessment Rolls is \$6,620,985.00:

And whereas the total amount of the existing debenture debt of the City exclusive of local improvement debts secured by special assessment is \$390,895.45 of which no part is in arrears.

And whereas it is expedient that this bylaw should take effect on the day of the final passing thereof:

Now therefore the Municipal Council of the City of Edmonton duly assembled enacts as follows:

1. The Mayor and Secretary-Treasurer of the City of Edmonton are hereby authorized and empowered to borrow for the purposes aforesaid in the name and on behalf of the City a sum or sums not exceeding in the aggregate the sum of \$75,000.00 and to issue one or more debentures of the City for such sum or sums so borrowed.

2. The said indebtedness shall be paid and the said debentures shall be made payable during a period of 40 years from the date of the issue of such debenture or debentures and shall bear interest at a rate not exceeding five per cent per annum and shall as the council shall deem expedient, be repayable either (1) in such manner that each instalment of principal and interest shall be equal in each year of the said period of 40 years, or (2) in such manner that the principal shall be paid at the end of the said period of 40 years (an equal annual sum by way of sinking fund being raised annually during the said period sufficient to meet the principal at maturity) and the interest thereon annually.

3. During the currency of the said indebtedness there shall be raised annually by special general rate on all rateable property in the city at the same time and in the same manner as the ordinary general city taxes, a sufficient sum to meet the amount of the equal annual instalment, or the amount of the equal annual sinking fund and interest as the case may be payable in each year in respect of the said indebtedness.

4. This bylaw shall take effect on the final passing thereof.

5. The votes of the burgesses for and against this by-law shall be taken at the council chamber in the City Hall in the City of Edmonton on Friday, the 5th day of October, 1906, between 9 a.m. and 5 p.m.

6. James Alexander McLean is hereby appointed returning officer and James Burns Walker, deputy returning officer to take the votes at the time and place aforesaid.

7. The said Council Chamber at the hour of 11 a.m. of Thursday the 4th day of October, 1906, is hereby fixed as the time when and the place where the Mayor will be present and make all such proper appointments as he may be requested to make of persons to attend at the polling place and at the final summing up of the votes by the said Returning Officer on behalf of the persons interested in promoting or opposing the passing of the by-law.

8. The said Council Chamber at the hour of 5.30 p.m. of the 5th day of October, 1906, is hereby fixed as the place and the time where and when the returning officer will sum up the number of the votes given for and against the bylaw.

Passed provisionally in Council this 7th day of September, A.D. 1906.

CHAS. MAX, Mayor.

GEO. J. KINNARD,

Secretary-Treasurer.

Public Notice is hereby given that the above is a true copy of a proposed bylaw which has been introduced and which may be finally passed by the council (in the event of the assent of the burgesses being obtained thereto) within four weeks of the voting thereon and that upon the day and at the place fixed for taking the votes of the burgesses thereon, namely Friday the 5th day of October, 1906, at the City Council Chamber the voting thereon will be held between the hours of 9 a.m. and 5 p.m.

J. A. McLEAN,  
Returning Officer.

Every steel-plate range kept the kitchen broiling-hot until we found out just how to use asbestos to keep the heat in a cooking range where it must cook the food instead of cooking the cook. THIS range is a COOL range—lined with thick asbestos, so the heat stays inside the range, so the oven bakes quick and bakes evenly. Food is better cooked quicker cooked and cooked for less fuel cost,—and cooked with less bother.

**FOR CLEANLY COOKERY**  
**Oxford Chancellor**  
**BURNS WOOD OR COAL**

Everything about it is clean, —ash-pit has an outside guard so it can be emptied without spilling ashes over everything; feed-door extra big to take in fuel without clutter and mess. And this range's draft-control is sensitive, easily governed, brings a fire up quick or cools it down quick, easier to manage than you think possible. Couldn't make this range any more handy, any more serviceable, —it's all it should be to please you.

## LOCAL ITEMS

—The city council meets tonight

—The Manufacturers' Association tourists reach Edmonton, Saturday.

—The adjourned annual meeting of the W.C.T.U. will be held on Wednesday afternoon at 3:30 in the McDougall Methodist church Sabbath school room.

—Taylor & Boucher have moved their big traction engine to Fifth street at Mackenzie avenue, and began excavating on the trunk sewer.

—Messrs. Coward and Walker, of the Revillon Bros. staff, went north this morning on the Landing stage. Mr. Coward on an inspection trip and Mr. Walker to remain at the Landing.

—Royal Templars of Temperance hold their concert and social on Thursday evening, 27th inst., in Unity Hall, Jasper avenue.

—Miss Clarke, daughter of the late Hon. Lawrence Clarke, chief factor of the Hudson's Bay Company, arrived from the east on last evening's train on a short visit to Mrs. Macmahon Sixth street.

—Mrs. W. R. West has taken out a permit to build a \$3000 residence on River Road, overlooking the river on the Jasper avenue extension. Ald. Latta is figuring on a \$3000 residence in the same neighborhood.

—Mrs. R. Hockley gave a shower party yesterday to Miss M. Lockhart, who marries to Mr. H. W. B. Douglas takes place tomorrow at high noon. The occasion was also a farewell to Mrs. F. S. Green, who leaves in a short time for Vancouver.

—The Winnipeg Telegram celebrated the visit of the manufacturers by issuing a 68 page supplement, setting forth the advantages of Winnipeg as a manufacturing centre.

—Mr. A. McCauley is moving the house formerly owned by John W. Kelly, corner First and Clara streets, streets, north to Sutherland street, for Mr. E. N. Butchart, of First street.

—On Thursday evening of this week a lodge of Masons will be instituted at Veggieville. An invitation is extended to all regular Masons to be present at this ceremony. The train leaves the C. N. R. station at 8 a.m.

—McKay & Brehaut, who are contractors for the plastering on the King Edward Hotel said the plastering would be finished in a week and a half. It is calculated to have all contracts finished and that the hotel will be opened on November 1.

—Col. E. B. Edwards, K. C., is moving into his house on the corner of McKay and Seventh streets.

—Prof. Loir, of the Pasteur Institute, Paris, is in the city today. He is investigating what is termed in French "Maladie du Cerveau."

—The wedding took place at St. Joachim's church at 6 a.m. on Monday of Mr. M. O'Farrell and Miss Florence O'Brien. The happy pair left for California where they will winter, returning to Edmonton in the spring.

—Calgary, Alta., Sept. 24.—On Saturday afternoon C. W. Peterson resigned the position he has held for the last four years as secretary of the Calgary Board of Trade. He has accepted an important position in connection with the C. P. R. Irrigation company.

—Mrs. Griffith, wife of Rev. John Griffith, of Honan, China will address a meeting of the women's missionary society at Queens avenue Presbyterian church tomorrow afternoon at three o'clock. All ladies of the congregation are invited to be present. Mrs. Griffith addressed the ladies of First Presbyterian church yesterday afternoon.

—Rain prevented a large attendance at the Baptist church last evening where T. P. Jolly gave his lecture on "The Jolly Side of Life." The lecture was both entertaining and instructive. In a very high degree and deserved a much larger audience than this weather permitted.

—Dr. P. A. Lachner, Didsbury, is in the city today. He is today his interests against the action of the town of Didsbury, which propose to include the Lachner town site within the boundaries of the newly proposed town of Didsbury. Both parties appeared before the executive council who received them very courteously and listened with intense interest to both sides of the case. Judgment in the case was reserved and will not be announced for a few days. Dr. Lachner has sold 167 lots in his town site.

## SOCIAL AND PERSONAL

W. F. Brett, of Lacombe, is in town.

Dr. Simpson, of Lacombe, is in town.

Mrs. R. Hockley, Fraser avenue, will not receive Wednesday of this week.

C. Hiebert, M.P.P. of Didsbury is in town.

Mr. W. T. Linn, manager of the Brackman-Ker Co., left last Sunday with his family for a year's trip to Europe.

Mr. Kerr, of Alberta College, left last evening on the C.N.R. for his home in Morrisstown, Ont., having been called home by the illness of his mother.

Capt. Gilmore of Scotland, who opposed Mr. Aquith in Fifeshire in the last Imperial election was in Edmonton on Saturday last. He is on a trip around the world.

Mrs. Griffiths addressed the ladies of First Presbyterian church yesterday afternoon on her work in Honan. A branch of the Woman's Foreign Missionary Society was formed with the following officers: President, Mrs. McKinnon; 1st vice-president, Mrs. W. J. Craits; 2nd vice-president, Mrs. James Douglas; Secretary, Mrs. (Dr.) Whitelaw; Treas., Mrs. Foucher.

## Dangerous Fun

Boys Tease Live Wire With a Stick to see it Jump and Spit Fire at Them

Four little boys living in the neighborhood of Boyle and Kinsland corners may be thankful to the providence which guards over fools and children that they are not wearing golden wings and playing six-stringed harps among the curly-haired angels in the sweet-by-and-bye this morning in a case of a tending school and telling the story of their adventures to their classroom friends.

The storm, which swept over the city last night, although not violent, either shot down, or caused to be burned down a primary feed wire of the city electric system, on Boyle street carrying 2400 volts, enough to transform several armies of little children to the realms beyond. Two little colored boys and two white boys saw the wire fall and saw it spatter and hiss with flaming sparks as it struck the damp earth. It looked hot as they did not touch it with their hands, but, getting pieces of sticks they spent a jolly five or ten minutes teasing the live wire to see it jump like a snake and spit fire at them. When the city electrician, A. W. Ormsby, arrived they had it going through some beautiful contortions with red and blue beautiful contortions with red and blue and green fire dancing all round. It was a short job for the electrician to sever the wire at the pole and cut off all danger, but the boys were a poor insurance risk up to that time. Had the attacks they were using been water soaked, it would have been the undertaker and the flowers for the little Willies.

## Jasper Avenue Lot Changes Hands

Property west of the Hudson's Bay stores on Jasper Ave. is in good demand, and buyers are steadily rising. Lot 156, block 3, H.B.R., with a frontage on Jasper of 531.3 feet is reported to have been sold on Saturday for \$20,000 spot cash. The purchaser's name is not disclosed. The sale was made by J. Collingwood Dickson & Co., real estate agents of this city.

## ADDITIONAL LOCAL.

—Mayor May is putting in a cement walk around his house on Third street.

—E. L. Heiden, general manager of the Merchants Bank spent the day at the city inspecting the Edmonton branch, after which he took a drive around the city with Hon. C. W. C. and Premier Rutherford.

—C. Herbert, M.P.P., G. B. Sexsmith, overseer of Didsbury, J. E. Staur and Oscar Price are in the city to urge upon the Government the incorporation of Didsbury as a town.

—The boulevarding of Third street is being vigorously pushed. The sidewalks are being removed today preparatory for the cement walks.

—Foreman Thompson said this morning the carpenter work on the Ames Holden warehouse, Third street, would be finished within a week. The workmen are engaged in putting on the roof today.

—The Hudson's Bay Co. are making important alterations in their store this week. The cabinets that have been used on the ground floor will be removed upstairs and new shelving installed which will be devoted to ladies dress goods and apparel. This department is under the management of Miss McCauley. Glass cases will be installed in the place of the counters at the west side of the store. They will be called silent salesmen. The goods will be on exhibit and customers will have the opportunity of securing the goods for themselves.
